

Trish Grantham works with a variety of Media, Acrylic and watercolor on wood panels. Layering vintage book pages, she paints bold lines mixed with a soft translucent color palette. She has showed all over the USA, Tokyo, London & Sydney.

Her work pulls the viewer in while a sweet story unfolds letting the viewer peek inside her imagination.

Quite a wonderful world to get lost in, both sweet and complex, a style that will live on for years to come.

Trish is Self-Taught and Lives and Works in Portland Oregon.
